Award Season for Augment Portfolio Companies

We are excited to announce that our portfolio company <u>Mercatus</u> is named "Portfolio Analytics Solution of year" 2018 by Capital Markets CIO Outlook.

Mercatus is the platform-of-choice for managing alternative investments. Mercatus connects data, workflows, and financial models into a single, integrated system to power data-driven decisions, insights, and reports in hours, not weeks or months. Mercatus helps alternative asset investors efficiently harness and analyze data across the entire investment lifecycle. <u>Read More</u>.
